## Accu-Twist Metered Dose Airless Twist Dispenser

The Accu-Twist metered dose topical dispenser is the first and only twist dispenser with a patent pending Passive Locking System to prevent accidental or unwanted discharges. Accu-Twist got its name from its ability to dispense a consistent, accurate dose (.25ml/twist) of product with each use. The ergonomic design of the Accu-Twist is not only attractive and comfortable to use, but also easy to fill and priced below its competition.

To help better identify what products are in what dispensers, the Accu-Twist dispensers are offered with the pads and caps in a variety of colors: White, Pink, Blue, Green, Red, and Purple. For better inventory management at your facility, the tops are purchased separately from the bodies! This helps prevent overstocking slow moving colors, improves inventory management, and lowers inventory costs.

### Order Below:

#### Accu-Twist 35ml Body (25/box)

SIZE	# Boxes	PRICE	Order
BOX	1 to 11	\$44.75	
BOX	12 or more	\$38.50
